

In Vol. 84, issue number 12, 2006, page 980, the first sentence in the second paragraph under "Overweight and obesity" should read as follows:

"We calculated the percentage of males and females who were overweight and obese in each quintile over time [data not shown]."

In Vol. 84, issue number 8, 2006, page 615, Figure 3 should be:

Fig. 3. Impact of 7 years of the SAFE strategy on prevalence of grade TF^a trachoma in children aged 1–9 years in five endemic provinces in Morocco

Source: National coordinator of the Moroccan National Eye Care Programme.

^a Prevalence of >10% trachomatous inflammation, follicular.

WHO 06.95
